21 December 2020

Dear Dr Carson,

I would like to thank you very much for your kind message and for your inspirational work to advocate for the needs of people suffering from Long Covid. I agree wholeheartedly that greater action is needed to provide for people living with the complications caused by COVID-19.

The World Health Organization (WHO) is honored to support the Long Covid Support Group and we are committed to working side by side with you to ensure that the needs of people suffering from the lasting impacts of COVID-19 are understood clearly at all levels of society and, to which, most importantly, we respond.

I will continue to work closely with my colleagues, including Dr Janet Diaz, to ensure that WHO's strategic and technical assistance is made available to you and your efforts, and we look forward to your collaboration in the Long Covid meeting planned for 2021.

Please allow me to share my sincerest wishes to you and your wonderful colleagues for a restful and safe holiday season.

Yours sincerely,

Dr Tedros Adhanom Ghebreyesus  
Director-General
